INGREDIENTS

Grain Products, Processed Grain By-Products, Vegetable Oil

DIRECTIONS FOR USE

“Booner Bait” is designed to be fed through a spin feeder as a replacement for strait corn. Hunting season is a stressful time on the whitetail deer both physically and nutritionally. This product helps fill some of the nutritional voids. Feed as a supplement to deer in their natural environment.

Warning: Do not feed to horses. Keep in dry cool place and do not feed moldy or insect infested feed.

*Not for human consumption

Follow all state and federal laws on baiting deer.
